

Pozi Hard Grip Screwdrivers

BRAND Draper

WARRANTY Lifetime

FEATURES

- Magnetic tip with black phosphate coating for added durability

DESCRIPTION

These pozi screwdrivers have a hardened chrome vanadium steel round blade with chrome plating for corrosion protection. The larger sizes have a hex bolster so they can be turned with a spanner for extra torque. The blade tip is magnetic to hold the screw in place, making it easier to deliver more accurate force and precise fastening and loosening. The tip also has a black phosphate coating for added durability. Comfortable moulded grip handle made from high impact resistant plastic, which is easy to clean and resistant to oils and chemicals. Its shape helps ensure the screwdriver does not roll off flat surfaces. There is a hang hole integrated into the handle for convenient storage.

Stock No.	Blade Tip	Blade Length	Type
13512	PZ0	75mm	Pozi
