

12/24V Battery and Alternator Analyser

STOCK No. 31848 BRAND Draper

BARCODE 5059482116919

WARRANTY 12 months parts and labour

FEATURES

- Tests both battery charge level and alternator output in one device
- Suitable for 12V and 24V DC systems, covering cars, vans and trucks
- LED indicators give instant, easy-to-read status (power, alternator, battery level)
- Wide voltage range (6–30V DC) for versatile diagnostics
- Reverse polarity and over-voltage protection for safer operation
- Magnetic back allows hands-free use on vehicle bodywork
- Simple probe and clamp setup for quick connection
- Durable ABS construction for regular workshop use

DESCRIPTION

This battery/alternator analyser is handheld, and used to check the battery condition and alternator performance on 12V and 24V systems. Featuring LED indicators to give instant, easy-to-read status and a magnetic back for hands-free use on vehicle bodywork.

CONTENTS

1 x 12/24V Battery and Alternator Analyser

SPECIFICATIONS

Voltage range	DC 6-30V
Maximum DC voltage	<36V
