  - String/Twine cutter.
  - Honed edge for easing plants out of pots.
  - Storage pouch.
  - Not to be sold to persons underage.
- 

### DESCRIPTION

Used for a host of gardening activities. Able to be used as a transplanting trowel, whilst the notched tip makes a highly efficient weed lifter. Each blade has a serrated edge designed to be used as a saw to cut through small roots and the incorporated string/twine cutter can be especially useful. The honed edge is ideal for easing plants out of pots and the soft grip handle provides added user comfort. Each multi tool is attached with imperial measurements on the highly polished steel blade. An essential gardening tool supplied in a handy waterproof pouch.
