

Carbon Steel Magnetic Stand

STOCK No. 45276 **BRAND** Draper

BARCODE 5010559452767

WARRANTY 24 months parts and labour

FEATURES

- Switchable magnetic base provides a firm mounting point for stable gauge positioning during inspection and measurement
- The on/off switch allows the magnetic base to be engaged or released quickly, making repositioning and removal straightforward
- Precision-ground surface provides a flat, accurately prepared base for consistent contact with the mounting surface

DESCRIPTION

Carbon steel magnetic stand designed to hold dial gauges and similar measuring instruments securely on suitable surfaces. Ideal for machinists, engineers, technicians, and maintenance professionals, it features a switchable magnetic base, on/off switch, and a flat base
