- Ring ends have 180° flex head
- 4° movement enables use in tight spaces
- Optimal leverage through 12-point HI-TORQ®
- Supplied in a useful storage/carry rack

DESCRIPTION

These Draper HI-TORQ® metric double flexible head ratchet ring spanners are forged from chrome vanadium steel that is hardened, tempered, fully polished and mirror chrome plated for corrosion protection. Both ring ends have a 180° flex head and 90-tooth ratchet mechanism, and the 4° movement enables use in tight spaces. The 12-point HI-TORQ® delivers maximum leverage by transferring torque to the flats and preventing slipping or damage to the fastener. This six-piece set contains the full range.

CONTENTS

Sizes: 8 x 9, 10 x 11, 12 x 13, 14 x 15, 16 x 17, 18 x 19mm
