- 50/50 natural and synthetic filaments for smooth, even finish with minimal brush marks
- Stainless steel ferrule for durability and corrosion resistance
- Long plastic handle for a controlled grip and extended reach
- Suitable for all paint types

DESCRIPTION

This practical long-reach cutting-in brush comes in handy for those hard-to-reach areas like behind radiators, pipes and above door frames. The brush features 50/50 natural and synthetic filaments that ensure a smooth, even finish with minimal brush marks. Its long plastic handle provides a controlled grip for precision painting and extended reach. The stainless steel ferrule is corrosion-resistant, making it durable and long-lasting. This brush is suitable for all types of paint and is easy to clean, making it a perfect addition to a painting toolkit.
