BARCODE 5010559703661

WARRANTY Lifetime

FEATURES

- Impact-resistant
- Dual locking facility
- Dual-sided blades with metric and imperial markings
- Striking reversible colour blade (black and white)
- Blades manufactured from correctly hardened and tempered high carbon steel
- Tough ABS case with rubberised housing
- Manufactured to EC Class II Accuracy

DESCRIPTION

Tough impact resistant ABS case with protective rubber bump cover. The double brake locks the blade from the bottom and front for accurate measurements and added user convenience. The nylon-coated steel tape has twin metric and imperial graduations on both sides and stud centre markings every 16". The white on black markings on the back of the blade provides a highly visible contrast for easier viewing and the blades are fitted with 2 spike hooks for greater self-aligning. Supplied in a dispenser.

Manufactured to EC Class II Accuracy

Minimum order 12 or multiples thereof
