- Protective sleeve prevents damage to aluminium wheels
- Set includes 17 x 17.5mm, 18.5 x 19.5mm, 19 x 21mm, 21 x 21.5mm, 22 x 22.5mm. Plus a 3" impact extension bar and punch bar

DESCRIPTION

This nut socket set includes a variety of sizes across five double-ended sockets. The 1/2" Sq. Dr. and 6-point hex ends ensures compatibility with most lug nuts. The radiused corners of the sockets prevent fastener round-off by applying force to the flat sides of the lug nut instead of the corners. It can be used with an impact wrench, making it more efficient and easier to use. Made from chrome molybdenum steel with a black phosphate finish for added durability. Their thin wall design allows the installation and removal of lug nuts in tight spaces. The protective sleeve prevents damage to aluminium wheels. The set includes sizes - 17 x 17.5mm, 18.5 x 19.5mm, 19 x 21mm, 21 x 21.5mm, 22 x 22.5mm. It also comes with a 3" impact extension bar and a punch bar. Supplied in a sturdy plastic storage case.
