Touch Screen Digital Multimeter

STOCK No. 16232 **BRAND** Draper

BARCODE 5059482065682

WARRANTY 12 months parts and labour

FEATURES

- LCD touch screen with analogue bar display
- Automatic identification and measurement of AC/DC voltage and resistance
- Features include auto power off, flashlight, continuity buzzer, AC/DC voltage, temperature, frequency and capacitance
- Powered by USB-C rechargeable battery
- Includes USB-C charging cable, test leads and temperature probe
- Supplied inside a durable zip-up case with storage for leads

DESCRIPTION

This digital multimeter has a large easy-to-read LCD touch screen with analogue bar display. The device is auto-ranging measuring AC/DC voltage, AC/DC current, continuity, resistance, capacitance, frequency, temperature, diode and non-contact voltage testing. Functionality includes a built-in flashlight, auto power off, continuity buzzer and data hold. Powered by a USB-C rechargeable battery. Includes USB-C charging cable, test leads and temperature probe. Supplied with a durable zip-up case, which incorporates storage for leads.

CONTENTS

1 x USB-C charging cable

1 x Test leads

1 x Temperature probe
