DESCRIPTION

The BUNKER corner wall cabinet is an excellent addition to your current or future storage setup in your garage or workshop. The corner cabinet can be used as a standalone storage cabinet or seamlessly integrated into the BUNKER modular storage system, providing access to a selection of smart modular options.

Made from premium steel, this corner wall cabinet measures 865mm and includes a lift-up door for convenient access, complete with an aluminium handle. With its matt black industrial powder coating, the unit is built to withstand scratches, wear, and corrosion, guaranteeing durability and reliability.

The extremely quiet gas struts provide a robust opening and closing mechanism when in use. For security, an integral lock with two keys is supplied.

For enhanced convenience, the unit comes fully assembled, and installation is a breeze with the provided fittings. You have the option to mount the unit directly to a wall or use it in conjunction with the back panel and side wall bracket fitted to a floor cabinet, maximising your storage space.

Discover our online stockists and order online. It's time to enhance your workspace with BUNKER.
