- Magnetic charging station, which can also be installed (fixings not included)
- LED charging indicator
- Water-resistant
- Powered by rechargeable Li-ion battery
- Supplied with USC-C charging cable

DESCRIPTION

This slim work light features a 220° flex light blade that allows adjustment of the beam direction. It has triple lights - floodlight, rear, and spotlight for added versatility. The light also includes strong magnets on the side and base, as well as an integrated 360° folding hook for hands-free use. Powered by a rechargeable lithium-ion battery, it comes with a USB port for easy charging using the provided USB-C cable. Alternatively, it can be charged via the magnetic charging station (fixings not included). Additionally, it has an LED indicator to show the battery capacity and charging status. The light is made of robust plastic, capable of withstanding a 2m drop, and is also water-resistant.

CONTENTS

1 x USB-C cable
