FEATURES

- Easy to read LCD display
- Compact and lightweight design for ease of portability
- Integrated emergency LED flashlight
- Power bank for charging mobile devices
- Fitted with 1 x USB-C port and 2 x USB ports
- Suitable for 10 litre petrol or 8 litre diesel engines
- Supplied inside a sturdy zip-case for convenient storage

DESCRIPTION

This powerful 12V lithium jump starter features an easy-to-read LCD display and is fully protected against short circuit, overload and reverse polarity. Its compact design allows for easy storage in a glovebox, and its lightweight construction makes it highly portable. Additionally, it includes an integrated emergency LED flashlight with three light functions - high/SOS/strobe. There is a built-in power bank for charging mobile devices on the go and it is equipped with 1 x USB-C port and 2 x USB ports. This jump starter is capable of starting an average 10 litre petrol engine or 8 litre diesel engine. Supplied inside a sturdy zip-case for convenient storage.

CONTENTS

1 x Jump lead
1 x Intelligent clamp and leads
1 x USB-C to USB-A cable
1 x USB-C cable
