Draper Expert HI-TORQ® Metric Reversible Ratchet Combination Spanners, Black

BRAND Draper Expert

WARRANTY Lifetime

FEATURES

- Manufactured from hardened and tempered chrome vanadium steel, with black electroplating for corrosion protection
- The 100-tooth ratchet enables 3.6° movement and the open end is set at 15°, making the spanner ideal for use where there's limited space
- The ring end is 12-point HI-TORQ®, providing a superior grip
- The reversible feature allows change in torque direction without the need to remove the spanner

DESCRIPTION

These Draper Expert HI-TORQ® metric reversible ratchet combination spanners are manufactured from hardened and tempered chrome vanadium steel, with black electroplating for corrosion protection. The 100-tooth ratchet enables 3.6° movement and the open end is set at 15°, making these spanners ideal for use where there's limited space. The ring end is 12-point Draper Expert HI-TORQ®, providing a superior grip; with Draper Draper Expert HI-TORQ®, the spanners grip the flats of the fastener rather than the corners. This gives more grip while transmitting more torque to the nut or bolt and prevents damage to the corners by spreading the load across the flats. The reversible feature allows change in torque direction without the need to remove the spanner. The spanners are available individually and in sets, which come supplied in a useful storage/carry rack.

Stock No.	Size	Length	Measurement
03898	8mm	134mm	Metric
