FEATURES

- Hex ball end long arm and hex end short arm
- Made from chrome vanadium steel, with a blackened finish
- Ball end allows use at a 30° angle
- Soft grip T-handle design maximises torque
- Supplied with steel wall mounting stand

DESCRIPTION

This metric hex key set includes hex ball end long arm and hex end short arm. Made from chrome vanadium steel, hardened and tempered with a blackened finish to help prevent corrosion. The T-handle design maximises torque. The ball end makes it easier to locate the key into position, as it can also be used up to a 30° angle, which is great for difficult to reach areas. Non-ball ends have chamfered edges. Fitted with high impact resistant polypropylene handles that are comfortable to grip. Each tool has a convenient hang hole. Supplied with a durable steel wall mounting stand for organisation and storage.

CONTENTS

8 x Hex keys: 2.0, 2.5, 3.0, 4.0, 5.0, 6.0, 8.0, 10mm
