

Ratchet Torque Wrench, 1/2" Sq. Dr., 30 - 210Nm/22.1 - 154.9lb-ft

STOCK No. 30357 BRAND Draper

BARCODE 5010559303571

WARRANTY 12 months parts and labour

FEATURES

- Micrometer adjustment allows precise torque setting from 30–210Nm (22.1–154.9ft-lb)
- Forged and hardened 1045 carbon steel ratchet head for strength and durability
- Satin chrome-plated finish provides corrosion resistance and easy cleaning
- 465mm length provides good leverage while maintaining control

DESCRIPTION

A precision torque wrench designed to accurately tighten fasteners to a specified torque setting, perfect for mechanics, automotive technicians, engineers, and maintenance workers alike. It features micrometer adjustment allowing precise torque setting from 30–210Nm, and a forged, hardened 1045 carbon steel ratchet head for strength and durability.

Warranty is extended to 24 months from the date of purchase for parts only.
