- The colour temperature is 6,000 to 6,500K – cool white to daylight
- IP65 and IK06 rated and suitable for industrial use
- Made from cast aluminium, carbon steel and toughened glass
- Supplied with a 3m VDE cable and approved 230V plug

DESCRIPTION

This 1,100 lumens telescopic tripod SMD LED site light gives an even spread of light through a beam angle of 100 degrees, with a colour temperature of 6,000 to 6,500K – cool white to daylight – meaning fewer shadows. Made from cast aluminium and toughened glass with bumpers for added protection, the slim tripod site light has a durable aluminium die-cast housing and is adjustable to a maximum extended height of 1.3m, with a minimum lowered height of 0.8m. The site light is suitable for industrial use and is IP65 and IK06 rated. It comes supplied with a 3m VDE cable and an approved 230V plug. This 1,100 lumens telescopic tripod SMD LED site light is part of a wide range of SMD LED site lights available from Draper Tools.

Manufactured and certified to UKCA, CE
