RCD Adaptor, 220-250v/50Hz, 13 AMP

STOCK No. 10205 **BRAND** Draper

BARCODE 5059482041211

WARRANTY Consumable Warranty Applies

FEATURES

- Easy to use residual current device with mechanical indicator for reducing the risk of electrocution
- Ideal for use with lawn mowers, grass and hedge trimmers, and other power tools where there is a danger of cables being cut or damaged
- No wiring required, simply plugs into a standard socket
- Tested to BS701 and BS1363

DESCRIPTION

Easy-to-use two button (reset and test) operation circuit breaker with an indicator light. Suitable for use with electric lawn mowers, grass and hedge trimmers, and other power tools where cables are in danger of being cut, causing a risk of electrocution. Also ideal for use with appliances around the house or workshop, especially where water is present. No wiring is needed - it simply plugs into a standard 13A socket. Tested to BS7071 and BS1363.
