FEATURES

- Designed for fast straight cutting on various metals, including steel, structural steel and sheet metal
- Made from premium-quality aluminium oxide that has been resin bonded and reinforced with fibreglass
- Compatible with 115mm grinders with a 22.23mm bore
- Manufactured to EN12413 standards

DESCRIPTION

Flat cutting discs designed for fast straight cutting in various metalworking applications, including steel, structural steel and sheet metal. Manufactured from premium-quality aluminium oxide that has been resin bonded and reinforced with fibreglass to improve the strength and performance of the disc. The bore has a stainless-steel ring to allow the cutting disc to be safely mounted onto the machine. Compatible with 115mm grinders with a 22.23mm bore. Supplied as ten discs in a convenient storage tin.

Manufactured to EN12413 standards
