

Draper Expert Liquid Cooled Induction Heater, 3.5kW

STOCK No. 76171 **BRAND** Draper Expert

BARCODE 5010559761715

WARRANTY 12 months parts and labour

FEATURES

- High powered, 3.5kW liquid cooled induction heater, ideal for industrial applications
- Multi-functions, 3 heating modes, computer controlled
- Fan assisted cooling technology enables continuous use
- Adjustable input and output power for use in low amperage environments
- Dynamic power adjustments deliver maximum efficiency and speed
- Fully adjustable and controllable for maximum versatility
- Universal remote-control program allows linking to external analogue and digital production processes

DESCRIPTION

High powered, high specification, liquid cooled industrial induction heater. Designed for industrial workshops where controlled, safe and efficient heating of ferrous and some non-ferrous metals is required. Attached with a precise focusing tip for accurate work and fully adjustable, computer controlled, three heating modes. An ability to link, via the universal remote control software with external digital or analogue systems enable the user to utilise the control software to the maximum, whilst the quiet cooling internal fan assisted radiators allow continuous use. These features enable the user to replace dangerous and difficult to control oxy-acetylene gas heating with simple to use, but highly effective, electrical induction heating.

CONTENTS

1 x Liquid Cooled Induction Heater, 3.5kW

SPECIFICATIONS

Dimensions	430 x 200 x 200mm
Input Power	3.5kW
Liquid Tank	1.5L
Max Current	16A
Operating Frequency	20 - 60kHz
Output Power	3kW (16A supply)
Voltage Supply	230V 50/60Hz
Weight	14.6kg approx.
