DESCRIPTION

Low entry professional jack. Powerful twin piston 'quick-lift' feature. Heavy-duty laser cut chassis fitted with a 'quick-lift' foot pedal to rapidly raise the saddle to the vehicle jacking point. Large saddle aids positioning, integrated rubber saddle pad provides added protection to the vehicle. T-shaped handle with an integrated two speed action lowering control system (LCS) lift and twist lowering mechanism which activates with weights in excess of 50kg. Hardwearing Nylon wheels designed to prevent damage to showroom and garage floors. Built in parts tray. Supplied with a two piece handle and EVA foam bumper to protect vehicle panels.

Manufactured to EN1494 Specification
