FEATURES

- For use with Draper pressure washers 98674, 98676,98677
- 250mm diameter head with splash guard
- Pivoting joint enables cleaning on both horizontal and vertical surfaces
- Will fit some other manufacturer's pressure washers

DESCRIPTION

This pressure washer attachment is designed to clean patios or driveways of moss, algae, dirt etc. Thanks to the pivoting joint, this versatile cleaner can also be used vertically on garage doors or fences, for example. The large diameter head hovers over the ground and the skirt prevents the user from being splashed.
