FEATURES

- Made from 55 high carbon steel
- Coil spring return enables fast smooth action and improves productivity
- Heat treated jaws for strength and longevity
- Clean and accurate cut. Suitable for copper, aluminium and plastic wires less than 2mm (diameter)
- Anti-slip grip for comfort and reduced fatigue

DESCRIPTION

This pair of gate cutters are 40° flush cut and made from 55 high carbon steel, ensuring durability and reliable performance. Equipped with a coil spring return mechanism, they allow for quick and smooth operation, which enhances productivity. The heat-treated jaws provide added strength and longevity, making them suitable for a range of cutting tasks. They deliver clean and precise cuts on copper, aluminum, and plastic wires up to 2mm in diameter. Additionally, the anti-slip handle offers a comfortable grip, making it easier for users to operate the tool during extended projects.

CONTENTS

1 x Flush Cut 40° Gate Cutters, 150mm
