

230V PTC Electric Space Heater, 2.8kW, 9550 BTU

STOCK No. 63858 **BRAND** Draper

BARCODE 5059482006623

WARRANTY 12 months parts and labour

FEATURES

- High efficiency PTC element
- Adjustable thermostatic control
- Fan and two heat settings
- Tubular stand with angle adjustment

DESCRIPTION

This energy efficient electric heater uses Positive Temperature Coefficient (PTC) technology, enabling fast, high volume, heat output from switch-on. Designed for use in enclosed spaces up to 35 square metres in size. This high output heater has a built-in thermostat that can maintain a constant room temperature. There is a fan and two heat settings, and the stainless-steel heater element is fitted with dual overheat safety protection. It has a compact design with a tough steel shell fixed to a steel tubular frame with adjustable tilt to direct airflow.

CONTENTS

1 x 230V PTC Electric Space Heater, 2.8kW, 9550 BTU

SPECIFICATIONS

Voltage	230V
Maximum output	2800W
Cable length	1.3m
Fan diameter	170mm
Weight	2.4kg
