WARRANTY Lifetime

FEATURES

- Accurately measures the strength of urea concentration in DEF (Diesel Exhaust Fluid)/AdBlue®
- For testing at hot or cold temperatures
- 740mm extra long hose designed for tanks with filler necks

DESCRIPTION

Accurately measures the strength of urea concentration in DEF (Diesel Exhaust Fluid)/AdBlue® solution. Easy to use AdBlue® tester, simply squeeze the bulb of the syphon tube and insert the tube into the DEF / AdBlue® solution. Then slowly release the bulb and draw off enough liquid to reach the line marked on the tube. The number of floating discs indicate the urea concentration. Once used wash and flush the tester with water. For testing, at hot or cold temperatures the 740mm extra long hose is designed for tanks with filler necks.
