DESCRIPTION

This three-dimensional laser projects one horizontal and two vertical laser circles, perfect for precise alignment of objects throughout the room. Thanks to the green laser technology with the PowerGreen brightness classification, good visibility is ensured also in poor lighting conditions. Thanks to the PowerAdapter available separately, the laser is compatible with the 18V battery systems from various well-known manufacturers. This means that the user can perfectly integrate the laser in their existing tools, for seamless and efficient use.
