BARCODE 5059482040818

WARRANTY Lifetime

FEATURES

- Made from galvanised steel
- Long wood handle measuring 1.2m overall
- 400mm wide with two rows of eight prongs

DESCRIPTION

This strong long handled harrow rake is made from strong galvanised steel. The broad head is 400mm wide and has two rows of eight prongs, making it suitable for larger area work. Ideal for scarifying lawns and cultivating soil. The handle is made from wood and overall it measures 1.2m, providing a long reach without back strain.

CONTENTS
