DESCRIPTION

A luxurious, foam-padded work stool designed for use by professionals and the dedicated enthusiast – perfect for working in an automotive or body shop environment. The stool has a high-quality plastic casing and heavy duty steel frame for durability. The seat is removable, as is the tools and parts tray. The stool also has two divided side storage compartments for holding cans. The four PP/TPR swivel castors ensure smooth and quiet operation, and two of the castors are fitted with brakes.

CONTENTS
