FEATURES

- Folding & removable side panels.
- Pneumatic tyres.
- Foam grip handle.

DESCRIPTION

This robust steel cart is designed to transport heavy goods with ease and is capable of withstanding loads of up to 200kg. The side panels can be locked into an upright position, removed entirely or folded down. This foldable frame design also allows the cart to be assembled and disassembled easily for storage or transportation. The cart is ideal for trouble-free loading/unloading and carrying of heavy compost bags, paving slabs, camping equipment and more. The sturdy pneumatic wheels are easy to direct using the pull handle and they help make light work of moving heavy goods, especially over uneven terrain. There is a hardwearing EVA foam cushioned grip for comfort when pulling. The powder-coated finish makes the cart more durable and provides added protection against rust. A heavy duty waterproof liner (Stock No. 20760) and spare wheels are available separately. Supplied as a flat pack item for self-assembly.
