FEATURES

- Made from heavy-duty carbon steel
- For use on crankshafts, alternators, air conditioning units and water pumps
- Low profile arms for use in restricted space
- Locking bolts prevent slipping under tension

DESCRIPTION

This puller for ribbed drive pulleys is made from heavy duty carbon steel. Designed for use on crankshafts, alternators, air conditioning units and water pumps. The precision grooves grip the pulley without damage. With low profile arms for use in restricted space and locking bolts to prevent slipping under tension.
