FEATURES

- Extra long 405mm x 6mm shank
- Precision ground central point and cutting edge spurs
- Cutting edges are expertly ground and finished for maximum performance
- Made from high quality correctly hardened and tempered carbon steel
- Ideal for use with combi drills, drill drivers and impact drivers

DESCRIPTION

Extra long flat wood bits with precision ground central point and enhanced design cutting edge spurs for delivering greater waste removal when compared against standard flat wood bits. Cutting edges are expertly ground and finished for maximum performance and the strong 405mm by 6mm shank is made from correctly hardened and tempered high quality carbon steel. Ideal for use with combi drills, drill drivers and impact drivers.
