FEATURES

- Robust and made from aluminium
- Milled face for maximum flatness and high accuracy
- 180° domed/arc centre vial and two 90° vials
- UV and shock-resistant vials and embossed rubber end caps
- Hang holes for easy storage

DESCRIPTION

These professional, robust box spirit levels are made from aluminium and feature three vials. They have a milled face on the underside, ensuring maximum flatness and high accuracy. The levels are equipped with a 180° domed/arc center vial and two 90° vials. The vials are UV and shock-resistant, and the embossed rubber end caps reduce impact when the level is dropped. Convenient hang holes are available at both ends for easy storage. The accuracy is 0.5mm in a standard working position.

Stock No.	Size
29014	600mm
29022	900mm
29049	1200mm
29051	1800mm
