FEATURES

- SMD LED with three settings
- Telescopic aluminium frame with rubberised ends that extends from 117-190cm
- Chargeable inside and outside inspection lamp
- Charger cable supplied
- 360 degree rotational bar

DESCRIPTION

This rechargeable cordless under bonnet inspection lamp offers a powerful 50 SMD LED producing a maximum of 2000 Lumens. There are three brightness settings (low, medium and high). Robust aluminium design with built-in spring loaded telescopic mounting brackets that are rubberised to provide good protection against the bonnet. The bar can be extended from 117-190cm and rotated 360°, making it easy to direct the light where required. The rechargeable battery can be charged inside the lamp or removed and charged separately. The lamp has a built-in LED charging indicator. Supplied with USC-C cable.
