## DESCRIPTION

Universal clutch and brake bleeding kit. A comprehensive 6 piece spanner set suitable for most brake and clutch hydraulic units. Colour coded bleed nipples provide easy identification. The bleed nipples are fitted with a 6-point socket, helping to prevent slipping and rounding. Supplied with a silicon hose and the integrated one-way valve prevents air returning into the system. Supplied in a heavy duty storage case.

## CONTENTS

6 x colour coded spanners (7-12mm)

1 x 1200mm (approx) hose
