- D20 batteries and chargers available separately

DESCRIPTION

Part of the D20 multi-tool battery system, this cordless pressure washer is self-priming and does not need to be connected to a mains water supply to function. It can operate remotely from a bucket or similar using the suction hose. The pressure washer features a soft grip handle with an easy to operate on/off trigger, and lock and release switch. It also has a variable spray pattern nozzle to suit various needs. Supplied with accessories including a short and long spray lance, 6m suction hose and detergent bottle. D20 batteries and chargers available separately.

24 month warranty extended to 36 months on registration.

The D20 interchangeable battery system allows users to combine the same battery/batteries with any of the tools within the D20 series.
