FEATURES

- Manufactured from hardened and tempered drop forged chrome vanadium steel
- High leverage rivet enables enhanced grip and cutting power with less effort
- Precision machined and induction hardened cutting edges
- Finely ground head with black oxide finish and electrophoretic plating for superior corrosion resistance
- Ergonomic soft grip handles ensure a secure and comfortable hold, helping to reduce fatigue

DESCRIPTION

These side cutters are premium designed with a high leverage rivet, providing enhanced grip and cutting power with less effort. They are made from hardened and tempered drop forged chrome vanadium steel. The jaws have precision machined and induction hardened cutting edges enabling extra accuracy. The head is finely ground and has a black oxide finish and electrophoretic plating for superior corrosion resistance. The ergonomic soft grip handles ensure a secure, comfortable grip, requiring less effort and reducing fatigue.
