WARRANTY Lifetime

FEATURES

- Compatible with most makes of mitre saw
- Sturdy wheels enable transportation with mitre saw in-situ
- Support rollers for timber lengths in excess of 2M
- Lightweight & flat-folding for easy storage
- Quick-release mounting brackets
- Fully extendable to 1.66M

DESCRIPTION

Universal extending mitre saw stand with height-adjustable work-support rollers enabling use with timbers over 2M in length. Made from lightweight steel and aluminium that's fitted with an extendable galvanized beam, fully adjustable end rollers and quick - action locking levers for securely bracing the mitre saw in place. The round aluminium folding legs and sturdy wheels deliver ease of storage and transportation even with a mitre saw locked in situ. Equipped with a handy tool tray and a mesh bottom to store and 'catch' small tools. Compatible with most makes of mitre saws.
