230V PTC Electric Space Heater, 6800 BTU, 2kW

BRAND

WARRANTY

FEATURES

- Fast, efficient heat with a PTC element that gets warm quickly
- Dual heat settings and fan mode offer either warmth or air circulation
- Adjustable thermostat keeps your chosen temperature consistent
- Overheat protection provides safety and peace of mind
- Compact size makes it perfect for desks, benches, or small spaces
- Lightweight for portability and on-the-go heating or cooling

DESCRIPTION

Keep your personal space comfortable with a fast, efficient PTC element that heats up fast and stays warm, or switch to fan mode to cool things down. Perfect for smaller spaces with its compact size, adjustable thermostat, and overheat protection.

CE Certified
