FEATURES

- Powerful 140W motor for high-speed brush action removing weeds, moss and dirt
- Clears crevices between paving slabs and along edges
- Nylon brush for light vegetation and a steel brush for tougher debris
- Quick and easy to switch between brushes
- Lightweight design and comfortable to use
- Plastic guard to protect against flying debris
- Extra-long 10m cable

DESCRIPTION

This electric weed sweeper is ideal for keeping patios neat and tidy all year round. The powerful 140W motor ensures high-speed brush action to remove weeds, moss and dirt in crevices and along edges. It is comfortable to use and equipped with two brushes - a nylon brush for light vegetation and a steel brush for tougher debris. It is quick and easy to switch between brushes and there is a plastic guard to protect against flying debris. It has a lightweight design and an extra-long 10m cable to help make it effortless to use.
