DESCRIPTION

The three-piece plier sets come in three colours: green, blue and yellow. They each contain a 160mm side cutter, 180mm combination pliers and 200mm long nose pliers. High leverage is achieved by setting the fulcrum point closer to the jaw and increasing the lever movement by 20%. Each tool is manufactured from hardened and tempered carbon steel, with induction hardened jaws and cutting edges for enhanced performance. The handles are ergonomically designed with soft grip for user comfort.
