BARCODE 5059482081828

WARRANTY Consumable Warranty Applies

FEATURES

- Made from robust ABS plastic with stainless steel shaft
- Long nose deep hole marker for easy access in tight spaces
- One-click dispenses correct amount of graphite
- Includes six refills

DESCRIPTION

This pencil is made from heavy-duty ABS plastic, built to meet the demands of construction sites. It features a long needle nose, making it an effective deep hole marker that can easily reach tight spaces. The stainless steel shaft and tube feed provide durability and facilitate easy refilling. It comes with a holder that includes a pocket clip, ensuring that the pencil is protected and always within reach. The pencil itself also features a pocket clip. A simple click dispenses the correct amount of graphite. The pencil is loaded with one graphite lead and includes six additional refills in a plastic case.

CONTENTS

6 x Graphite leads refills in case
