FEATURES

- Get used to on-demand power when you need it. Performance-matched to the motorised head, the T.Link system drives powerful heads and accessories for a wide range of tasks. Go further with runtimes up to 30 minutes on low power mode, or max out performance with 20 minutes of intense cleaning on full power mode
- Performance is increased by the Mega-Glide rotating brush head which is perfect for both hard floor and carpet. The hyper speed roller efficiently captures everything in its path so you can spend more time doing the things you love. Time for a well deserved break!
- Quickly adapt to your needs and transform from an upright vacuum cleaner to hand held in seconds. With included brush and focus tools and ultra bright pathfinder LED's, for dust and dirt; there's nowhere left to hide
- Take on quick clean up jobs or the whole house with variable power modes for high efficiency cleaning or ultra-powerful boost. HEPA filter, wall mount charging and removeable battery come as standard with additional T.Link batteries and accessories available to suit your needs

DESCRIPTION
