SPECIFICATIONS

Dehumidification Capacity L/day (RH)	50L
Recommended Area Coverage (m^2)	120-180
Humidity Control Range (RH)	10%-95%
Air Circulation Volume (m^3/h)	300
Noise Level (dBA)	56
Operating Temperature Range (°C)	5-35
Automatic Humidity Control (Y/N - Detail)	Yes
Continuous Drainage (Y/N with hose connection)	Yes
Automatic Defrost System	Yes
Auto Restart after Power Failure (Y/N)	Yes
Safety Features	Yes
Power Supply (V) AC, 50Hz	220-240V
Power Consumption (W)	900
Rated Current (A)	4A
Energy Efficiency Ratio (EER) (L/kWh)	NA
Power Cord Length (m)	1.5M (include plug)
Compressor Type	QXD-A134L130U
Compressor Brand	LAMDA
Refrigerant Type	R290
Refrigerant Charge (g)	200
Evaporator Material	Copper tube+ Aluminum foil
Condenser Material	Copper tube+ Aluminum foil
Product Dimensions (W × D × H)	438*376*604mm
Product Net Weight (kg)	25
Packaged Dimensions (W × D × H)	520*425*660mm
Packaged Net Weight (kg)	28.2
Mobility (Heavy-Duty Wheels + Ergonomic Handle Y-N)	Yes
