Rated voltage	230V/50Hz
Capacity	9 litre
Internal dimensions (LxWxH)	460 x 665 x 260mm
Net weight (empty)	5kg

3. Health and Safety Information

Important: Read all the Health and Safety instructions before attempting to operate, maintain or repair this product. Failure to follow these instructions may result in injury or damage to the user or the product.

- **NEVER** over fill the parts washer. The level of the cleaning solution should be just below the parts tray.
- **DO NOT** use flammable liquids such as petrol. Use **only** recommended water based cleaning solution.
- Use in a well ventilated area as some cleaning solution fumes may be toxic.
- **DO NOT** smoke, operate near a naked flame, or machinery which may generate sparks.
- Avoid cleaning solution contact with skin and eyes, **ALWAYS** wear appropriate protective clothing which conforms to a recognised standard when necessary.
- **NEVER** modify or jam the lid in an open position.

3.1 Connection to the Power Supply

This appliance is supplied with an approved plug and cord for your safety.

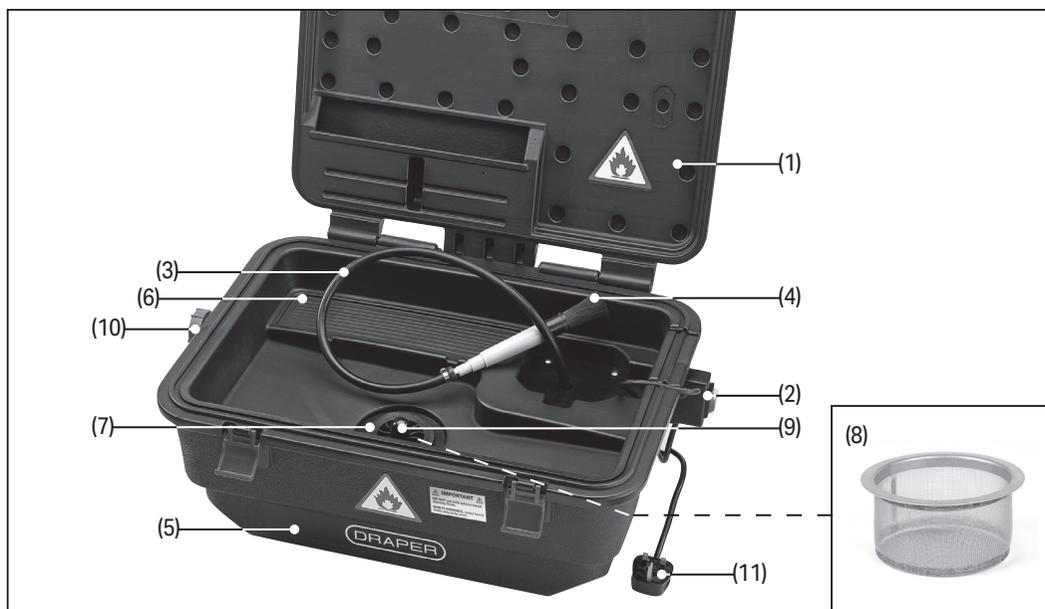

If the power supply cord is damaged, it must be replaced by Draper Tools, an authorised service agent or similarly qualified personnel in order to avoid a hazard.

The damaged or incomplete plug, when cut from the cord, shall be disabled to prevent connection to a live electrical outlet.

This appliance is Class II† and is designed for connection to a power supply matching that detailed on the rating label and compatible with the plug fitted. The value of the fuse fitted is marked on the pin face of the plug. Should the fuse need replacing, use a small plain-slot screwdriver to remove the fuse

cover. Ensure the substitute is of the correct rating, approved to BS 1362 and ASTA or BS Kite marked. This should only be performed by suitably qualified personnel.

**Double insulated : This product requires no earth connection as supplementary insulation is applied to the basic insulation to protect against electric shock in the event of failure of the basic insulation.*

4. Identification

- | | | |
|--------------------|---------------------------|----------------------|
| (1) Lid | (5) Tank | (9) Tank plug |
