DESCRIPTION

Green cross line laser with horizontal laser circle, vertical laser line and compact tripod 150 cm – compatible with 18 V battery systems from well-known manufacturers, use of recycled material The green cross line laser generates a clearly visible laser cross consisting of a horizontal circle and a vertical line, perfect for the precise alignment of objects. Thanks to the green laser technology with the PowerGreen brightness classification, good visibility is ensured also in poor lighting conditions. Thanks to the PowerAdapter available separately, the laser is compatible with the 18V battery systems from various well-known manufacturers. This means that the user can perfectly integrate the laser in their existing tools, for seamless and efficient use.
