- Suitable for wood and coal burning fires or stoves
- Simple and easy to use just attach any vacuum cleaner to the canister
- Filter protects the vacuum cleaner from damage
- Simple and easy to use, once full just unclip the airtight canister and empty
- Supplied with 1m hose and crevice nozzle

DESCRIPTION

Suitable for wood and coal burning fires, stoves and barbecues. Simple and easy to use, just attach any vacuum cleaner to the canister, the ash and fire debris is then collected within the 20L container and filtered, protecting the vacuum cleaner from damage. Once full just unclip the airtight canister and empty. Supplied with 1M hose and crevice nozzle. Carton packed.
