

5V/12V Injector Tester

STOCK No. 24703    BRAND Draper  
BARCODE 5059482072659  
WARRANTY 24 months parts and labour

FEATURES

- LED indicators
- Full function test or aid injector cleaning
- Switchable 12V and 5V output
- Four selectable modes - short, medium, long and continuous mode
- Powered by 12V car battery
- Includes three pairs of extension leads for restricted engine bays

DESCRIPTION

This injector tester is designed to operate injectors electronically, allowing for the diagnosis of fuel delivery issues such as blocked, sticky or leaking injectors. It features switchable 12V and 5V outputs, depending on the type of injector being tested or activated. The tester offers four selectable modes: short, medium, long, and continuous, and includes an easy-to-read LED indicator. In continuous mode, the tester can also be used for injector cleaning. Additionally, it comes with three pairs of extension leads to facilitate use in restricted engine bays.
