

Schumacher® GIGA 12/24V Lithium Booster, 2000/1000CA

STOCK No. 13757 BRAND Schumacher

BARCODE 5059482082269

WARRANTY 24 months parts and labour

FEATURES

- 2 x 4-cell lithium LiFePO4 battery (100% safe)
- Microprocessor controlled
- Memory saver mode
- LCD screen
- Protection against over discharge, over charge, over temperature and reverse polarity, short circuit, voltage error and overload
- Override mode to jump start vehicle without battery
- Lightweight design with carry handle

DESCRIPTION

This Schumacher Giga Lithium jump starter is designed for starting vehicles with 12V and 24V batteries. It is suitable for starting difficult vehicles, and with the built-in memory saver, the vehicle's parameters such as the radio and clock settings are preserved during the battery charge. Additionally, it features an override mode, allowing the vehicle to be started without the battery. For safety, it includes protection against over discharge, over charge, over temperature, reverse polarity, short circuit, voltage error, and overload. It is lightweight and comes with an integrated carry handle for easy portability.

Draper Tools is licensed to sell Schumacher products in the UK, Ireland and Europe

CONTENTS

1 x Schumacher® GIGA 12/24V Lithium Booster, 2000/1000CA

SPECIFICATIONS

Voltage (DC)	12/24V
Cranking amps	2,000/1,000CA
