- Portable and compact design for easy storage
- Steel chassis
- Rear swivelling steel castors and extra large front wheels, with wheel covers
- Safety valve prevents the jack from overloading
- One piece handle and plastic carrying handle
- Manufactured to EN1494 Specification

DESCRIPTION

Low entry, short chassis jack. Ideal for sports and custom vehicles with a reduced clearance height. The compact all-steel chassis and portable design enable easy storage. Rear swiveling steel castors increase maneuverability and aid positioning. Fitted with a safety valve, which prevents the jack from overloading. One-piece handle and plastic carry handle.

Manufactured to EN1494 Specification
