DESCRIPTION

The modular power tool base cabinet provides an ideal solution for organising large power tools, hand tools, and accessories. Equipped with one spacious drawer fitted with power tool racks and three additional smaller drawers for secure storage of other tools and accessories, each drawer is fitted with a soft-close mechanism and lined with foam to guarantee the protection of your tools at all times.

The power tool base unit is designed with security in mind. It features an integrated lock mechanism for added protection and two keys for convenience. Moreover, the rubber grommets ensure easy access to power cables.

The power tool base cabinet is delivered fully assembled and comes with all the required fittings ready for installation. Start your journey today with BUNKER.

Some BUNKER products are sent on pallets. Their high quality construction means that some products are heavy and will require two people to lift them. Tools not included.
