6/12V Smart Charger and Battery Maintainer, 2A

STOCK No. 53488 **BRAND** Draper

BARCODE 5059482006012

WARRANTY 12 months parts and labour

FEATURES

- 6-step automatic smart charger
- Charges and maintains 12V Lead-Acid batteries at 100% for a long duration
- Winter charging mode protects batteries in freezing temperatures
- Safe charging with protection against overheating, short circuit, reverse polarity and over charging
- Compatible with 6V* and 12V vehicles including cars, motorcycles and vans, including AGM batteries
- Charges EFB batteries when in 12V STD mode

DESCRIPTION

This portable 2A smart charger does more than just charge 12V vehicle batteries. The charger can be connected to a battery for a long duration and it will monitor the power and slow it down to prevent any overcharge. An LED light will flash at each stage of charging: 25%, 50%, 75%, and 100%. It is also suitable for winter charging in temperatures as low as -20°C. It is an easy to use and cost-effective solution to keep batteries in good condition all year round.
